SUBIECTUL al III-lea – Limba engleză – 30 de puncte

1. Use the following activities in 5 sentences about what you CAN or CAN'T do: play the piano, play, sing, dance, climb a tree, ride a horse.

10p.

2. Read the text and answer the questions!

The woodpecker is an interesting and amazing bird. It has a strong long beak that acts like a hammer to remove bark from the trees and find insects to eat. It also has a long sticky tongue that helps catch insects.

A woodpecker lives 4 to 11 years. Their favourite food are insects, fruit, acorns and nuts. These birds live in the forests and wooded areas with lots of trees, all over the world, except in Australia.
